STUDENT HEALTH

In-Office Medication Dispensing Program

A-S Medication Solutions recognizes that the fastest growing portion of student health insurance premiums is a direct result of the rising cost of prescription drugs. ASM can help control this expense by offering manufacturer pricing directly to your student health center. Our turn-key, dispensing program is efficient, easy to implement and will greatly reduce your pharmaceutical spending while cultivating a healthier campus.

Our comprehensive program offers the tools and support to maximize your student health clinic's dispensing program:

- Consultive pharmacist on staff
- Over 2,500 generic, brand name and OTC medications, injectables, creams, ointments, liquids and suspensions
- Both manual and web-based dispensing options
- 24/7 On-line ordering
- 8am – 8pm EST customer support
- Professional, patient-centered packaging
- AA & AB rated generic medications
- ePedigrees with each order
- PALs in English and Spanish
- 97% of all orders ship within 24 hours of receipt
- VAWD certified
- Competitive pricing
